

2026 Insurance Resource and Information Sheet

Please keep this document accessible for reference throughout this school year.

Post it on the refrigerator or in a common area and feel free to contact AYA with any questions!

AYA National Office: 203-399-5417 or 800-322-4678

AYA 24 Hour Emergency Phone Line: 877-240-5225

You will speak to an operator who will take your information down and have an AYA staff member call you back. This is for true emergencies after hours, otherwise please call our direct line above from 9am-5pm EST.

Student Support:

During the program year the first person to call with any questions or concerns should always be your Local Coordinator. As an additional level of support, AYA's national office staff are there for students and host families any time. If you would like to speak to a staff member with questions or concerns during regular business hours, please contact the AYA office.

You may also contact Virginia (Ginny) George with any questions or concerns regarding student support.

Virginia George, Director of Student Support

Direct Phone: (203) 399-5097

Toll Free: (800) 322-4678 extension 5097

E-mail: vgeorge@aifs.org

Medical Insurance Info:

All AYA students are covered by insurance and are able to receive care in many hospitals and urgent care facilities. Insurance providers vary by country and overseas partner. Students received insurance cards and policy information prior to their departure from their home country. GIJ students should also contact CareMed partner in the U.S. – MedCare to request additional insurance card (see contact info in the table below).

IMPORTANT: All students should be prepared to pay for medical visits out of pocket, and then submit a receipt for reimbursement from insurance. It is critical that the correct insurance company and contact information be given to the medical provider at the time of service.

Please see the reverse side of this document for student insurance policy numbers and insurance provider details. Whenever possible, be sure to confirm the student's insurance information prior to going to the doctor.
